**Membership Spotlight**

What can I say besides, thank you? This organization has grown on me and has been a source of inspiration and love. You all have gained my respect and total comradery! I can say that when I joined back in January 2022, I had no idea what to expect. I am glad that I stuck around to find out. I regret that we have still not transitioned back to meetings in person because I like being around you ladies and gentlemen. Aside from all of the professional accolades that I could say about you, I feel like I have made genuine connections with some of you. I would have never thought that I would say this but, I will miss my time in ROC and the times spent with you all. From my first event for Men's Health Week in June to the Ugly Sweater Xmas party, it has been a joy. I want to especially say thank you to the men of RBNA because we have had some real moments and iron sharpens iron! I appreciate the good counsel from all as a student and now new nurse graduate. I will take this courage and tireless efforts with me to my first position and beyond. You all will always have a place in my heart because I feel like I made my bones here. I just wish that we had more together, but isn't that always how it goes?

Please feel free to keep in touch with me and invite me to future things that you all do. Virtual hugs to each of you and I genuinely thank you for embracing me and allowing me to be a part of your family. I bid you all a fond farewell and lots of light/love.

Respectfully,  
K. Beasley, MSNM

**NBNA Capitol Hill 2023**

**Introduction**

**Welcome to the 35th Annual National Black Nurses Day on Capitol Hill 2023!** We are excited to host 300 nurses, nursing students, thought leaders, and partners in Washington D.C. to address NBNA's top Legislative Priorities with Members of Congress.

[CLICK HERE TO REGISTER FOR THE MEETING](#)

The meeting will address this year's theme "*Health Equity, Reckoning & Wellness: NBNA's Renewed Call to Action.*"

The seven Legislative Priorities NBNA will address are:

1. Ensuring Health Equity: Supporting the Nursing Workforce
2. Gun Violence: America's Continued Crisis
3. Obesity: America's Health Calamity
4. Suicide: A Mental Health Catastrophe
5. Equity and Wellness: Climate and Environmental Justice
6. Criminal Justice Reform and Health Inequities
7. Awakening: Time to Reckon with Black Maternity Health

The day-long program will start at 7:00 a.m. and will be held at the [Hilton Washington DC Capitol Hill](#).

The NBNA 2023 Legislative Tool Kit will be presented from 10:00 a.m. - 11:00 a.m. At this time, Members of Congress will also deliver brief greetings in-person or by video.

Our Capitol Hill live, or virtual visits will occur from approximately 11:15 a.m. to 12:30 p.m. You should make your appointments NOW (if you have not already) or whenever the Member of Congress or Hill staff person is available. The luncheon and keynote will begin at 1:00 p.m.

The debriefing session will focus on what you discussed/learned from your Members of Congress visit. The debriefing session will begin at 2:00 p.m., followed by Final Words, the Wrap-up, Evaluation, and Reception to celebrate the 35th Annual National Black Nurses Association Day on Capitol Hill!

**Members of the NBNA Health Policy Committee**

- Dr. Sheldon Fields, Chair**
- Dr. Loretta T. Lee, Co-Chair**
- Constance Brown
- Denise Bell
- Helen Bhagwandin
- Sandy Cayo
- Tammy Davis
- Charrita Ernewein
- Teretha Jones
- Dr. Colleen Kizgore
- Claudia Kregg-Byers
- Dr. Celia McIntosh
- Gwendolyn McIntosh
- Dr. Vivienne McDaniel
- Dr. Nadia Raymond
- Fredrick Richardson
- Sharon Roger
- Dr. Lenora Yates

## CLINICAL EDUCATION INITIATIVE

### Do you know?

The NYSDOH AIDS Institute is proud to announce the **Health Equity Leadership Institute** beginning mid-winter 2023.

The **Health Equity Clinical Leadership Institute** is a 12-month virtual learning collaborative offered ONLY to NYS physicians, advanced practice nurses and health facility administrators.

The Institute will focus on evaluating the real-world application of NYSDOH Health Equity Competencies and Health Care Organization Considerations in Support of Health Equity. Through monthly, 90-minute meetings, health equity leaders will learn from nationally recognized health equity experts and begin the process of transforming their practices and organizations by implementing and evaluating the impact of one or more elements from the [Health Equity Competencies or Health Care Organization Considerations in Support of Health Equity](#). Participants will emerge as thought leaders experienced in promoting health equity and will be supported in submitting their findings for publication in the professional literature. CME credits and Certificate of Completion provided.

For more information, contact [HEComps@health.ny.gov](mailto:HEComps@health.ny.gov).

To be considered, [please complete and submit this application](#) prior to January 31st.

### Hepatitis C Dried Blood Spot (DBS) Testing in NYS

To support NYS's goal to **eliminate hepatitis C (HCV)** by 2030, the AIDS Institute is collaborating with the Wadsworth Center Bloodborne Viruses Laboratory to expand access to diagnostic HCV RNA testing through dried blood spot (DBS). The AIDS Institute will provide free DBS supplies and technical assistance to qualified agencies who provide HCV antibody testing.

DBS is fingerstick alternative to blood collection via venipuncture. Drops of blood are collected on a specialized card and air dried before shipping to the laboratory for analysis. Results are usually available within 4 – 6 business days.

To inquire about providing HCV RNA testing through DBS, send an email to [rtpai@health.ny.gov](mailto:rtpai@health.ny.gov).

Read more [here](#).

### New location!

The CEI Sexual Health Center of Excellence recently moved office locations. It is now located at 205 St. Paul Street, Rochester, NY 14604

Looking for a new or updated guideline? Check the [NYSDOH AI Clinical Guidelines Program](#)

The program offers clinical practice guidelines that establish uniform standards of care for NYS to improve the health and well-being of all adults who receive prevention services or treatment for HIV, viral hepatitis, other sexually transmitted infections, and substance use disorders.

## Conversations with CEI Podcast

### How Can We Destigmatize HIV and Pregnancy?

Preventing perinatal HIV transmission is an important strategy for eliminating HIV. Historically, rates of perinatal HIV transmission were 25-40% without interventions, but advances in HIV research, prevention, and treatment have made it possible to reduce that risk to less than 1%. Despite this progress, many myths and misconceptions about HIV and pregnancy remain.

In this episode, Dr. Antonio E. Urbina, Medical Director of CEI's HIV Primary Care and Prevention Center of Excellence speaks with Dr. Andrés Ramirez Zamudio, Assistant Professor in the Department of Obstetrics, Gynecology and Reproductive Sciences and Department of Medicine, Division of Infectious Diseases, at the Icahn School of Medicine at Mount Sinai. Drs. Urbina and Ramirez Zamudio discuss strategies for preventing perinatal HIV transmission more broadly. They also unpack common myths and misconceptions to help destigmatize HIV in pregnancy.
