RESEARCH OPPORTUNITY

**Research Participants Needed**

Are you a parent or guardian of a 10-14-year-old?

If you are 18 years and older

Share your thoughts during an individual interview or a group discussion about supporting young adolescents' sexual health development. Participants will be paid \$30 for their time.

To Participate:  
Visit: <https://redcap.urmc.rochester.edu/redcap/surveys?rs=7MY9C34HT9XKAAC>

Or  
Call or email today:

Rose Muheriwa - 585-490-7646 [Rose\\_Muheriwa@urmc.rochester.edu](mailto:Rose_Muheriwa@urmc.rochester.edu)  
 Marian Moskow-585-273-2699 [Marian\\_Moskow@urmc.rochester.edu](mailto:Marian_Moskow@urmc.rochester.edu)  
 Judith Brasch - 585-275-6629 [Judith\\_Brasch@urmc.rochester.edu](mailto:Judith_Brasch@urmc.rochester.edu)

RSRB No. 00007106 RSRB Approval Date: 12/23/2022

**Are you Puerto Rican and over the age of 21?**

Participate in our research study!

You'll receive an incentive of \$25 for participating

**Study Title:** Social Determinants of Participation in Genetic Research Among Puerto Ricans and in the Puerto Rican Diaspora

**Who can participate?** Any person over the age of 21 who lives in Puerto Rico or the United States (Rochester NY, Orlando FL, Newark NJ) and identifies as Puerto Rican.

**What and Why?** You would be participating in a discussion of approximately 2 hours in a group of up to 10 people. You will be asked questions about your criteria regarding participation in health research, in which they must provide genetic material, such as blood or saliva. These questions will help us understand the attitudes and experiences of the Puerto Rican population on issues related to health. All answers will be kept anonymous.

**Where?**

CLINICAL EDUCATION INITIATIVE

Do you know?

The NYSDOH AIDS Institute is proud to announce the Health Equity Leadership Institute beginning mid-winter 2023.

The [Health Equity Clinical Leadership Institute](#) is a 12-month virtual learning collaborative offered ONLY to NYS physicians, advanced practice nurses and health facility administrators.

The Institute will focus on evaluating the real-world application of NYSDOH Health Equity Competencies and Health Care Organization Considerations in Support of Health Equity. Through monthly, 90-minute meetings, health equity leaders will learn from nationally recognized health equity experts and begin the process of transforming their practices and organizations by implementing and evaluating the impact of one or more elements from the [Health Equity Competencies](#) or [Health Care Organization Considerations in Support of Health Equity](#). Participants will emerge as thought leaders experienced in promoting health equity and will be supported in submitting their findings for publication in the professional literature. CME credits and Certificate of Completion provided.

For more information, contact [HEComps@health.ny.gov](mailto:HEComps@health.ny.gov).

To be considered, [please complete and submit this application](#) prior to January 31st.

[Hepatitis C Dried Blood Spot \(DBS\) Testing in NYS](#)

To support NYS's goal to [eliminate hepatitis C \(HCV\)](#) by 2030, the AIDS Institute is collaborating with the Wadsworth Center Bloodborne Viruses Laboratory to expand access to diagnostic HCV RNA testing through dried blood spot (DBS). The AIDS Institute will provide free DBS supplies and technical assistance to qualified agencies who provide HCV antibody testing.

DBS is fingerstick alternative to blood collection via venipuncture. Drops of blood are collected on a specialized card and air dried before shipping to the laboratory for analysis. Results are usually available within 4 – 6 business days.

To inquire about providing HCV RNA testing through DBS, send an email to [rtpai@health.ny.gov](mailto:rtpai@health.ny.gov).

Read more [here](#).

**New location!**  
The CEI Sexual Health Center of Excellence recently moved office locations. It is now located at 205 St. Paul Street, Rochester, NY 14604

Looking for a new or updated guideline? Check the [NYSDOH AI Clinical Guidelines Program](#)

The program offers clinical practice guidelines that establish uniform standards of care for NYS to improve the health and well-being of all adults who receive prevention services or treatment for HIV, viral hepatitis, other sexually transmitted infections, and substance use disorders.

**[Conversations with CEI Podcast](#)**

**[How Can We Destigmatize HIV and Pregnancy?](#)**

Preventing perinatal HIV transmission is an important strategy for eliminating HIV. Historically, rates of perinatal HIV transmission were 25-40% without interventions, but advances in HIV research, prevention, and treatment have made it possible to reduce that risk to less than 1%. Despite this progress, many myths and misconceptions about HIV and pregnancy remain.

In this episode, Dr. Antonio E. Urbina, Medical Director of CEI's HIV Primary Care and Prevention Center of Excellence speaks with Dr. Andrés Ramirez Zamudio, Assistant Professor in the Department of Obstetrics, Gynecology and Reproductive Sciences and Department of Medicine, Division of Infectious Diseases, at the Icahn School of Medicine at Mount Sinai. Drs. Urbina and Ramirez Zamudio discuss strategies for preventing perinatal HIV transmission more broadly. They also unpack common myths and misconceptions to help destigmatize HIV in pregnancy.
