BLOOD DRIVES

American Red Cross

*Give blood.* Help save lives.

**Sickle Cell Fighters Rochester Blood Drive**  
Held at  
**Aeon Baptist Church**  
Second Floor Classrooms  
175 Genesee Street  
Rochester, NY 14611

**Saturday, January 28, 2023**  
**10:00 a.m. to 3:00 p.m.**

Please call 1-800-RED-CROSS (1-800-733-2767) or visit RedCrossBlood.org and enter: SickleCellFightersROC to schedule an appointment.

Maximize your blood donation. Help more patients.  
If you are an eligible type O, B, + or A- donor, consider making a Power Red donation. Red blood cells are the most commonly transfused blood component.

Streamline your donation experience and save up to 15 minutes by visiting RedCrossBlood.org/RapidPass to complete your pre-donation reading and health history questions on the day of your appointment.

Come give Jan. 1-31 and automatically be entered for a chance to win an exciting trip for you and a guest to Super Bowl LVII in Phoenix! Includes travel, hotel, \$200 gift card, pre-game activities and more! Terms apply! Visit RedCrossBlood.org/SuperBowl.

1-800-RED-CROSS | 1-800-733-2767 | redcrossblood.org | Download the Blood Donor App

CLINICAL EDUCATION INITIATIVE

**Do you know?**

The NYSDOH AIDS Institute is proud to announce the Health Equity Leadership Institute beginning mid-winter 2023.

The [Health Equity Clinical Leadership Institute](#) is a 12-month virtual learning collaborative offered ONLY to NYS physicians, advanced practice nurses and health facility administrators.

The Institute will focus on evaluating the real-world application of NYSDOH Health Equity Competencies and Health Care Organization Considerations in Support of Health Equity. Through monthly, 90-minute meetings, health equity leaders will learn from nationally recognized health equity experts and begin the process of transforming their practices and organizations by implementing and evaluating the impact of one or more elements from the [Health Equity Competencies or Health Care Organization Considerations in Support of Health Equity](#). Participants will emerge as thought leaders experienced in promoting health equity and will be supported in submitting their findings for publication in the professional literature. CME credits and Certificate of Completion provided.

For more information, contact [HEComps@health.ny.gov](mailto:HEComps@health.ny.gov).

To be considered, [please complete and submit this application](#) prior to January 31st.

**Hepatitis C Dried Blood Spot (DBS) Testing in NYS**

To support NYS's goal to [eliminate hepatitis C \(HCV\)](#) by 2030, the AIDS Institute is collaborating with the Wadsworth Center Bloodborne Viruses Laboratory to expand access to diagnostic HCV RNA testing through dried blood spot (DBS). The AIDS Institute will provide free DBS supplies and technical assistance to qualified agencies who provide HCV antibody testing.

DBS is fingerstick alternative to blood collection via venipuncture. Drops of blood are collected on a specialized card and air dried before shipping to the laboratory for analysis. Results are usually available within 4 – 6 business days.

To inquire about providing HCV RNA testing through DBS, send an email to [rtpai@health.ny.gov](mailto:rtpai@health.ny.gov).

Read more [here](#).

**New location!**  
The CEI Sexual Health Center of Excellence recently moved office locations. It is now located at 205 St. Paul Street, Rochester, NY 14604

Looking for a new or updated guideline? Check the [NYSDOH AI Clinical Guidelines Program](#)

The program offers clinical practice guidelines that establish uniform standards of care for NYS to improve the health and well-being of all adults who receive prevention services or treatment for HIV, viral hepatitis, other sexually transmitted infections, and substance use disorders.

**[Conversations with CEI](#) Podcast**

**[How Can We Destigmatize HIV and Pregnancy?](#)**

Preventing perinatal HIV transmission is an important strategy for eliminating HIV. Historically, rates of perinatal HIV transmission were 25-40% without interventions, but advances in HIV research, prevention, and treatment have made it possible to reduce that risk to less than 1%. Despite this progress, many myths and misconceptions about HIV and pregnancy remain.

In this episode, Dr. Antonio E. Urbina, Medical Director of CEI's HIV Primary Care and Prevention Center of Excellence speaks with Dr. Andrés Ramirez Zamudio, Assistant Professor in the Department of Obstetrics, Gynecology and Reproductive Sciences and Department of Medicine, Division of Infectious Diseases, at the Icahn School of Medicine at Mount Sinai. Drs. Urbina and Ramirez Zamudio discuss strategies for preventing perinatal HIV transmission more broadly. They also unpack common myths and misconceptions to help destigmatize HIV in pregnancy. Find "[Conversations with CEI](#)" Podcast wherever you listen to podcasts, including:

[Podbean](#) / [Spotify](#) / [Apple Podcasts](#) / [iHeartRadio](#) / [Google Podcasts](#)

Do you have a clinical question on PEP, PrEP, HIV, HCV, STIs or Drug User Health management? Call the CEI [clinician line](#) and [discuss](#) with a specialist.

Call: 866-637-2342

**New Online Courses!**
